

9:00am - 10:00am

**Registration & Breakfast**

10:00am - 4:50pm

**General Session**

10:00am - 10:10am

**Welcoming Remarks**

**Kenneth E. Bentsen, Jr.**  
CEO  
GFMA  
President and CEO  
SIFMA

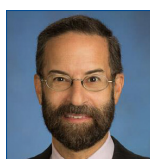

10:10am - 10:25am

**Opening Remarks**

The mandate of the Green Finance Committee (GFC) of the China Society for Finance and Banking is to promote the development of green finance in China, via organizing policy research, facilitating policy implementation, and disseminating best practices of green finance among Chinese financial institutions. Mr. Ma's remarks will focus on the recent efforts by China in establishing its green financial system, the outlook of China's green finance initiatives in the coming few years, and the recent adoption by G20 of the Chinese proposal to launch the G20 green finance study group.

### Global Green Bond Market & China Practices

Mobilizing debt markets will be essential in advancing green finance solutions. To achieve this goal, the market will need to develop green bond definitions and standards, verification, certification and enforcement systems. This panel will focus on global and Chinese efforts to develop the standards that will be the foundation for robust green finance debt markets.
